RESPONDING TO THE EMERGING NEEDS OF PEAKS ISLAND

It is no secret that preserving autonomous, year round, island communities has become more difficult over the past 50 years. In 1950, 100 such communities existed along the Maine coast. Today only 14 remain. The Peaks Island Fund has been created to respond to what many studies, including those by the Island Institute and the Brookings Institute, identify as three critical elements for sustaining communities on islands:

- **strong schools that attract families,**
- **economic development that creates jobs**
- **and affordable housing for a diverse population.**

In addition to funding some short term capital and equipment projects and programs requested by island charities, the 2009-10 grants are shifting some attention and making significant financial grants to more complex projects related to the three challenges identified above.

More than ever, Peaks Island schools and non-profits need the commitment of year-round and seasonal residents who value this island community's way of life. There are no easy solutions to the issues Peaks faces, but with the support of large and small gifts from the entire community, we can afford to find the answers that preserve this island life. Please become a part of this set of solutions by joining this endowment for Peaks Island.

PEAKS ISLAND FUND LEGACY SOCIETY

The PIF is pleased to announce the creation of the Legacy Society to recognize and encourage the development of estate gifts to the permanent endowment for the island. All island residents, year round and seasonal, are encouraged to do the same as a means of building greater autonomy for the island's schools and charitable organizations. The PIF is most grateful to these folks for their commitment to the island endowment and has established a goal of adding 20 new legacy members in 2010. *To learn more about becoming a part of the Legacy Society, please contact Pam Cleghorn at 761-2440.*

PEAKS ISLAND FUND ENCOURAGES DONOR ADVISED FUNDS INSTEAD OF PRIVATE FOUNDATIONS

The Peaks Island Fund encourages residents and friends to seize the opportunity to influence this community during their lifetimes by creating "Donor Advised Funds." This is perhaps the most interesting and gratifying type of work accomplished by an organization like the Peaks Island Fund. The Donor Advised Fund is like having a Private Foundation without the expenses or administrative issues. Created with gifts of cash, stocks, real estate or other assets, the Donor Advised Fund allows the donor to oversee the use of the charitable gifts during his or her lifetime, directing income earned by the fund to charities and causes chosen by the donor. It also provides the donor with a wonderful means of educating children or grandchildren about the importance of effective philanthropy to the long-term health of a community.

Donor Advised Funds require a unique partnership to work, and we are fortunate to have forged that partnership with the Maine Community Foundation (MaineCF). The MaineCF is the parent organization for PIF, offering administration, grant-making advice, and fund development services to PIF. The MaineCF is a state-wide organization that helps communities all across Maine grow endowments for future funding of the existing and emerging needs of Maine's residents. Establishing a "Donor Advised Fund" is not complicated and is within the financial means of many. *Check it out at the PIF or MaineCF websites or contact Pam Cleghorn at the Community Foundation, 761-2440.*

PROGRESS REPORTS FOR 2009 GRANTS WHERE THE DOLLARS WENT

Island Adventure Camp

In the fall of 2009, the Peaks Island Fund discussed ideas for stimulating economic development and job creation on the island. It convened meetings of island summer camp directors, island non-profits and community leaders to discuss a pilot program to attract more campers to Peaks. Seeing support for this initiative, in January 2010, the PIF provided \$22,000 to fund staffing and a marketing plan for promoting summer day camps on behalf of all interested island camp programs. The Peaks Island Children's Workshop acted as the fiscal sponsor and was the keystone for administration. A number of valuable collaborative efforts have emerged from these efforts. This summer the Island Adventure Camps have created a model of things to come. New camps have been created and additional camp programs are in the works for 2011. Transportation to and from the island has been coordinated to safely bring more kids from the Portland area to Peaks Island. Parents are expressing interest in more programs for their children and some are suggesting programs for themselves, further promoting the island's reputation as "Summer Camp for Adults" as well as kids.

Capital Projects

Brackett Church; Casco Bay Health Center; PI School; PI Music Association; Island Non-Profits

PIF has been notified of completion of capital improvements and acquisitions by Brackett (roof repairs), CBHC (wiring for linking electronic patient records), PI Elementary (computer and ball chairs), PIMA (grand piano equipment), and all non-profits (shared digital projector).

The Greening of Peaks Island

PEAT Solar Powered Compactor; The PI Community Garden; The Wind Group

Several years ago the PIF suggested that it would fund solutions to the growing problem of litter in the heavily traveled areas of the island and especially around the ferry dock. Led by Maryanne Mitchell and aided by local artists and her fiscal sponsor, the Peaks Environmental Action Team, recycling bins and a solar powered compactor have been placed at strategic points around the island.

During 2009-10 PEAT has also acted as fiscal sponsor for the successful launch of the community garden through the hard work of Justin Palmer, Jubal Kessler, and their volunteers. The PIF provided "seed" money for this new initiative.

Sam Saltonstall and a dedicated and patient group of volunteers have promoted a wind power energy solution for Peaks for several years. The PIF provided some start-up support for an ambitious test project that is finally under construction now in August of 2010.

Program Support

Fifth Maine Museum; Friends of TEIA; Homestart; Peaks Island Children's Workshop; PI School

Your PIF grants helped provide new classroom activities for elementary and middle schoolers, sailing camp scholarships to make certain that any island child can learn to sail, ongoing support for affordable housing efforts, staff and board development at the child care center, and field trips and after school enrichment for the PI Elementary children led by June Bergh.

HOW TO GIVE TO PEAKS ISLAND

Gifts of all sizes are what make the Peaks Island Fund a true community resource. We hope that everyone feels a connection to the PIF by contributing to it. This perpetual endowment has grown from \$10 gifts as well as \$10,000 gifts. They have come from your friends and neighbors, the same people who evaluate grant requests each year and decide how to do the most good with the funds available.

Anyone who appreciates life on Peaks knows that it has come about as a result of the good works and foresight of former residents and friends. The Peaks Island Fund gives everyone a chance to join that legacy of generosity.

Consider what you might be able to leave behind for the good of the community. Is it 10%, 20%...maybe 50% of your net worth after taking care of your family? By simply calling the Maine Community Foundation and asking to speak about an estate gift to Peaks Island, you can assure yourself that some portion of your kind feelings toward Peaks will survive to provide a lasting benefit and example to those who follow.

Estate gifts and bequests are simple to set
